THE BAND

SYMPHONIC BLACK METAL – BARCELONA SPAIN

BIOGRAPHY

Formed in Barcelona in 2019, ERZSÉBET is a symphonic black metal band combining the ferocity of extreme metal with haunting orchestral arrangements and a distinctive theatrical stage performance.

Inspired by the dark legacy of Countess Erzsébet Báthory, the band brings together history, horror and music to create an intense and immersive live experience.

Following the release of *The Blasphemous Lady* (Art Gates Records, 2021) and *Six Hundred & Fifty* (Whispering Voice Records, 2024), ERZSÉBET have expanded their presence across European stages, establishing a strong connection with the international metal scene.

Over the past six years, ERZSÉBET has built a solid live trajectory, performing at festivals, concert venues and international events across Europe. From their early performances in Spain to appearances at established European metal festivals, the band has steadily expanded its presence on the live circuit, sharing festival line-ups with renowned international acts and supporting established artists on tour.

Particularly noteworthy are their repeated appearances in Portugal, their performances in Austria and their participation in tours across Spain, marking important milestones in the band's development.

The following selection highlights some of the most significant performances throughout ERZSÉBET's career. Rather than representing a complete concert history, these shows reflect the band's evolution, international experience and growing presence within the European metal scene.
